Project Description

Review USAID/Middle East evaluation reports using quality review criteria.

Get a better sense of the activities and projects that USAID manages across the Middle East and North Africa.

Develop skills in how to critically judge the strengths and weaknesses of a technical report.

Collate and format tools, templates, and guidelines, such as those that might be used in remote-monitoring.

Coordinate implementation of action plans around improving practice.

Work with seasoned professionals who specialize in monitoring, evaluating, and learning!

Desired Skills Interests

Additional Information

This is a great chance to look inside the operations of USAID/Middle East and understand how and why we

monitor and evaluate our programming! Learn about a wide array of activities across different sectors and locations - and help the Office of Strategic Planning and Resources and program managers to do their job more effectively!
